MEMORY VERSE CARDS

Print out the memory card picture document, and cut out each picture. Lay the cards out around the room (you could even hide them). Have your child walk around and find all the pictures. Once they find all four cards, help them put them in order and point to the pictures one at a time as you say the words together. Repeat this game as long as your child is interested. Repetition is great!

No printer option: Show your child each picture and say the words associated with the picture as a review! Once you have done this a few times, flip through the pictures and see if they can tell you what each picture means. Consider offering a reward if they can get them all right!
