

THURSDAY

GOD'S ANIMAL

This week's animal is the turtle! Pull up the turtle picture document with your child and read about the turtle and how God gave him a shell to protect him as you look at the pictures. For more fun when you are done, maybe give your child a small hamper or pillow to put on there back so they can crawl around and pretend to be a turtle with a super strong shell!

SUPPLIES NEEDED

- *God's Animal - The Turtle Document* (Sample Below)

THE TURTLE

Have you ever tried to talk to a turtle? When you go up to them, they pull their head, legs, and tail into their shell! This is because their shell is really strong like a rock, and it keeps them safe. It protects them from other animals or people around them.

God protects us like a turtle's shell protects him. He watches over us and keeps us safe. He also gave us His word in the Bible. When we speak our memory verses, it makes our hearts strong like the turtle's shell.
